

African Discovery: Tanzania

Come Discover Classroom Earth!

Few wildlife experiences can compare to a safari in Tanzania. Here, we'll conduct scientific field research, examine the role that local communities play in conservation efforts, and work side by side with local students on a service project. Along the way, we'll hike beside Mount Kilimanjaro, visit with Masai warriors and dig into the 'Cradle of Life': Olduvai Gorge.

Program Highlights

-  Work side-by-side with students in the Moshi area on a service project that gives back to their community
-  Search for lions, cheetahs, giraffes, wildebeest, leopards, elephants and hundreds of birds while on safari
-  Interact with the Maasai, learn some Swahili and cook a traditional meal along with our partner, Roots & Shoots

Like every Global Explorers adventure, this program offers an unparalleled educational experience. Our 3-phase program promises to give you the most comprehensive experience available in this magnificent destination. You won't just visit Tanzania, you'll uncover the true magic of Africa and discover that the power of travel can change your life & empower you forever. Here's how...

Before you travel....

We want your travel experience to change your life. As part of that process, you will learn as much as possible before you depart. You'll prepare with a series of Global Explorers lessons that cover:

- Grasslands ecology and conservation issues in Africa
- Tanzanian history, Maasai culture and Swahili
- Leadership skills
- Service learning
- Travel tips

While you travel....

We emphasize authentic, hands-on travel experiences. While traveling, students explore the rich cultural and natural diversity of Africa through sights and activities including:

- Olduvai Gorge, considered to be the birthplace of human civilization
- Interaction with local Masaai people to learn about their lives
- The wildlife-rich Serengeti National Park and Ngorongoro Crater
- A meaningful service project with our Roots & Shoots partners
- Learn Swahili and how to cook a traditional Tanzanian meal

After you travel....

You're not done yet! We hope you return inspired and ready to make a difference. Upon your return, we ask you to get started right away with a service leadership project. Projects might include:

- Giving back in some way to the communities you visited
- Implementing a conservation program in your home town
- Supporting disadvantaged members of your own community

Program Essentials

- Location: **Tanzania**
- Length: **12 days**
- Price: **\$3,330**

Sample Program Itinerary

- Day 1 - Travel to Tanzania
- Day 2 - Arrive at Kilimanjaro International Airport; overnight in Arusha

Program Details

African Discovery: Tanzania

Our comprehensive educational programs are designed for students and educators of all ages and abilities. Please consider the details below as you decide whether this program is the right fit for you. All programs are customizable. Contact Global Explorers for details.

Included - Price Breakdown

All travel expenses within Tanzania, all meals, all lodging, all ground transfers, airport departure taxes, basic level of tips for guides and other services, program t-shirts, workshop journal, basic travel insurance, textbook(s), curriculum and service project materials (for Group Sponsor), year-long support, guidance and mentoring for local Group Sponsor, on-site Global Explorers Workshop Coordinator during travel, and bilingual local guides.

Not Included

international airfare between your home city and Arusha, Tanzania, passport fees, visa, immunizations (and any other medications recommended by the Centers for Disease Control, your county health department, and/or your family physician)

Accommodations

Accommodations are dormitory style: rustic but comfortable, with access to clean bathrooms and fresh drinking water. Rooms are equipped with bunk beds, linens, and electricity. Safari experience is traditional tent camping with pit toilets. Tents and pads provided. Food is delicious and healthy local cuisine.

Recommended Age and Maturity Level

This program is specifically designed for high school students. However, workshop activities can be modified for college or adult participants. Maturity level should be considered when determining whether students are appropriate candidates for this program.

Safety

We take this topic seriously and ask that all workshop participants do the same. We take an enormous amount of care in preparing our workshops to minimize safety risks, and we have created rules and regulations accordingly. It is very important that all travelers obey the rules and regulations set forth by Group Sponsors, on-site Global Explorers staff, guides and lodge managers.

Physical Fitness

All of our workshops are designed for adventurous participants! We suggest participants prepare both physically and mentally for their workshops in order to get the most out of their experience. While hikes and excursions on this workshop are not strenuous, the heat and humidity may be taxing for some travelers. Please call us for more details and discuss any concerns with your physician.

Flexibility

We do everything we can to ensure a positive workshop experience. Because we can not control all aspects of our workshops (like when monkeys will choose to cross our path), we may need to slightly alter the workshop itinerary on site. We reserve the right to make these changes in the interest of enjoyment, education, logistics or safety. If any changes are necessary, we rely on your cooperation and flexibility to make them happen.
